

FLEXUS SURR 100

WIRELESS SURROUND SPEAKERS

Klipsch®

Enhance your audio journey with Flexus, our cutting-edge sound system, meticulously crafted to immerse you in unparalleled sonic bliss.

FLEXUS SOUND SYSTEM

The Flexus sound system comprises 2 sleek sound bars Flexus Core 100 and 200, one pair of compact surround speakers (Surr 100), and a powerful subwoofer (SUB 100) to create an expansive audio landscape that brings movies, music, and gaming to life like never before.

With Flexus sound system, prepare yourself to be transported into a realm where sound knows no boundaries. Discover the difference with our exceptional sound system and embark on a journey of audio excellence that will redefine your perception of home entertainment.

AN IMMERSIVE CINEMA EXPERIENCE AT HOME

Thanks to immersive Dolby Atmos technology, the Klipsch Flexus Surround 100 speakers create a true multichannel surround sound setup. Hear music, movies, and games placed in 3D around and above you for realistic, spatial sound. The Flexus Surr 100 surround speakers work exclusively with Flexus Core 100 and 200 soundbars to bring more immersion to your set-up.

WALL-MOUNTADED OR SURFACE-MOUNTED FOR FLEXIBLE PLACEMENT

We're keeping it simple and streamlined: no adapters, no dongles, no speaker wires to fuss with here. Each Flexus Surround Speaker independently plugs into a wall socket and can be hung on the wall, placed on stands, in a bookcase or on a console behind the sofa, with nothing required in between or laying on the floor.

KLIPSCH TRANSPORT WIRELESS TECH FOR ULTIMATE CONNECTIVITY

Enjoy lightning-quick connections between all Flexus products (soundbar, surrounds, subwoofer) thanks to Klipsch Transport technology. Add these Flexus Surrounds and a Flexus Subwoofer (or two) to your Klipsch Flexus Core soundbar for truly epic sound.

SIMPLE SETUP, SLEEK STYLE

Individually powered with no junction boxes or power adapters to conceal, the Flexus Surround Speakers are a streamlined solution for multichannel home theaters. Because the controls, power, and LED lights are hidden below the surface, you don't have any distractions in a pitch-black room - just awesome sound and clean aesthetics.

ECO-CONSCIOUS PACKAGING

We're committed to providing great sound for generations - which is why our packaging is designed to be earth-friendly, with careful consideration to minimize waste and maximize recyclability.

POWERED BY ONKYO®

Meticulously reviewed by our engineers at sister company Onkyo, the Klipsch Flexus system passed over 1,000 rigorous tests to ensure awesome audio performance and stellar interconnectivity.
