

Product Announcement

Klipsch R-60M Bookshelf Loudspeakers

Enjoy big sound, without breaking the bank.

Didcot, Oxfordshire – 20th November 2024

Since 2022, the latest-generation Klipsch Reference speaker range has been elevating the music and movie experience in homes around the world. Today, Henley Audio are thrilled to announce a new model is joining the range in the UK. The R-60M draws inspiration from our enduringly popular RP-600M design to produce an affordable bookshelf speaker that's capable of delivering a seriously big sound.

Thanks to its 6.5" spun-copper TCP woofer and the high-frequency driver's edge-to-edge square Tractrix® horn, the R-60M (SRP £425.00 GBP, €449.00 EUR) is easy to drive with almost any modern equipment and delivers an impressive full-frequency response.

R-60M features include:

- ✓ 90° x 90° Tractrix® horn technology
- ✓ Linear Travel Suspension (LTS) aluminium tweeter with Kapton suspension
- ✓ Spun-copper effect 6.5" Thermoformed Crystalline Polymer (TCP) woofer
- ✓ Sleek, modern appearance with removable low-profile magnetic grilles
- ✓ Braced MDF cabinet with scratch-resistant wood-grain vinyl
- ✓ Easy integration into the wider Klipsch Reference range, featuring home cinema separates and subwoofers, for full system building options

Klipsch R-60M: £425.00 (SRP)

Shipping to Klipsch dealers across the UK in early December 2024.

Klipsch R-60M *in detail*

As the largest bookshelf in the Reference speaker range, the R-60M delivers a big, full-range sound performance while maintaining a relatively compact footprint that's easy to integrate into most living spaces. Great for music or movies, the R-60M bring your home audio experience to life.

ALL NEW 90° X 90° TRACTRIX HORN

Klipsch's exclusive Tractrix® horn technology delivers the power, detail and emotion of a live music experience with the cleanest, most natural sound possible. The increased outer horn dimensions allow for directivity control over a larger bandwidth of frequencies, resulting in improved high frequency directivity and a more accurate sound stage.

LINEAR TRAVEL SUSPENSION (LTS) ALUMINIUM TWEETER WITH KAPTON SUSPENSION

The exclusive Linear Travel Suspension (LTS) tweeter minimises distortion for enhanced, detailed performances. Aluminium is an extremely light and rigid material used in the tweeter assembly to provide high efficiency and improve resolution and detail. LTS tweeters are a hallmark of Klipsch speakers, making it a core component of some of the best speakers in the world.

SPUN-COPPER THERMOFORMED CRYSTALLINE POLYMER (TCP) WOOFERS

Utilising trickle-down technology from Klipsch's highly acclaimed Reference Premiere series, the TCP woofers have steeper angling of the cones for a smoother response and improved accuracy and transparency. The additional ribbing increases the overall rigidity for less cone breakup at higher frequencies.

SLEEK, MODERN APPEARANCE

Hidden fasteners, edge-to-edge horn, and low-profile magnetic grilles give the speakers a clean, modern appearance.

MDF CABINET WITH SCRATCH-RESISTANT, TEXTURED WOOD GRAIN VINYL

Stylish aesthetic with absolute durability that results in a seamless integration into any décor.

HIGH QUALITY CABINET DESIGN

Reinforced 3/4" MDF construction with an all-new bracing design reduces cabinet vibration for less audible colouration and improved sonic accuracy.

R-60M Technical Data

Frequency Response (\pm 3dB):	50Hz - 21kHz
Sensitivity (In-Room):	93.5dB
Power Handling (Cont. / Peak):	85W / 340W
Nominal Impedance:	8 Ω Compatible
High Frequency Driver:	1" Aluminium LTS Tweeter
High Frequency Horn:	90° x 90° square Tractrix® horn
Low Frequency Driver:	6.5" spun-copper TCP woofer
Enclosure Material:	MDF
Enclosure Type:	Bass-Reflex via rear-firing Tractrix® port
Dimensions (H x W x D)	400 x 203 x 336mm
Weight:	7.75kg
Finishes:	Black textured wood-grain vinyl

About Klipsch

In 1946 Paul W. Klipsch, inventor, acoustics pioneer and maverick, founded Klipsch Audio with the sole purpose of bringing the power, detail and emotion of the live music experience into his living room. Through the use of highly efficient speaker designs, handcrafted cabinetry and a thirst for real engineering breakthroughs – Klipsch, the great American loudspeaker company, was born in Hope, AR.

Today, Klipsch's diverse range of quality audio products includes speakers for almost any consumer and professional application – including cinema, whole-house, wireless, home theatre and portable offerings. Honouring their founder's legacy, Klipsch continues to be the legendary high-performance brand of choice for audiophiles and aficionados around the world. Klipsch are the Keepers of the Sound®. Klipsch Group, Inc. is a VOXX International Company (NASDAQ: VOXX).

About Henley Audio

Henley Audio has been importing and distributing industry-leading hi-fi equipment to the UK and Ireland since 1997. With a passion for great sound and a firm focus on brand integrity, we work to deliver excellence in both product and service.

Formed as the result of a management buy-out of Ortofon UK, Henley Designs Ltd. (trading as Henley Audio) operates in-house sales, marketing, service, support, and warehouse teams to offer the full turn-key solution for suppliers. The brands we represent are not only highly regarded in their own right, but they also share a symbiotic relationship with other brands in our portfolio.
